Professional stainless steel sinks with cabinets

Mach offers a range of stainless steel **sinks with AISI 304 18/10 cabinets** thoughtfully designed for professional kitchens.

Available in **600 and 700 mm depths**, these sinks feature a polished, stamped surface with **rounded corners and a 100 mm rear splashback for added practicality**.

The design includes a sloped draining board with grooves and basins angled toward the drain, complete with a strainer and overflow pipe.

A reliable solution that guarantees hygiene, durability, and functionality in demanding professional environments.

Single or double basin sinks

Mach sinks are available in **single- or double-basin** designs and are perfect for professional kitchens and catering environments.

These sinks are designed with a polished, stamped surface, rounded corners, and a 100 mm rear splashback, and offer both convenience and durability.

The sloped basin bottoms ensure efficient drainage, complete with a strainer and overflow pipe.

Available in 600 and 700 mm depths, they offer a seamless blend of practicality, hygiene, and versatility.

Scratch-resistant sinks

The Mach range of professional sinks is built **to resist corrosion and scratches**, ensuring lasting performance in demanding environments.

These sinks are designed for heavy-duty use, are easy to clean, and are highly durable. The **Scotch-Brite finish** enhances their aesthetic appeal and adds extra scratch resistance, keeping the surfaces clean and professional even after prolonged use.

Freestanding and cabinet sinks

Ideal for restaurants and professional kitchens, this range is made entirely from **AISI 304 18/10 stainless steel** and comes in **600 and 700 mm depths**.

Freestanding sinks feature a polished, stamped surface with rounded corners and a **100 mm rear splashback**. **Cabinet sinks** add convenient storage beneath the sink, with basins designed for efficient drainage thanks to their sloped bottoms.

An ideal solution that combines practicality and functionality for demanding

Stainless steel sink accessories

Alongside its sink range, Mach offers a **selection of stainless steel** accessories designed to enhance functionality and deliver top performance in professional environments.

The collection includes strainers, **overflow pipes**, and **sloped draining boards with grooves** to ensure efficient water drainage.

Basins with slanted bottoms further optimize water flow toward the drain, promoting cleanliness and maintaining the highest hygiene standards.

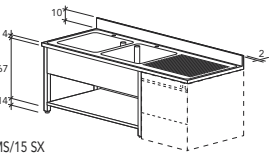

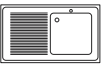

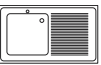

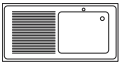

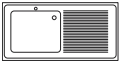

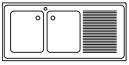

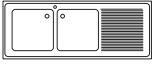

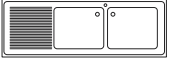

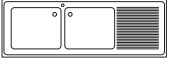

Sinks and hand basins for professional kitchens

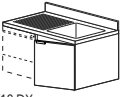

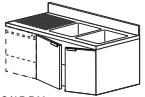

Made from **AISI 304 18/10 stainless steel**, these units are available in two sizes, **600 mm and 700 mm deep**, and four models.

Options include wall-mounted designs with knee-operated water controls, cabinet models with foot-operated controls, and combined versions with dual-stacked basins or an integrated sterilizer.
